April 19, 2018

Donald Maxwell
4700 Belleview Avenue
Kansas City, MO 64112

Dear Donald Maxwell:

On behalf of the Public Improvements Advisory Committee (PIAC), I want to thank you for submitting a project request form (PIAC Request Number 350078) for funding from the sales tax for public improvements beginning May 1, 2018.

It is only with input and support such as yours that effective recommendations to our City Council on the use of the sales tax can be made by the PIAC.

The PIAC reviewed each one of the 1,123 requests received from across the city. The dollar value of all requests totaled \$660,824,122 which made the task of putting the projects in priority order difficult.

After months of discussion and deliberation, the PIAC agreed upon a final recommendation to the Mayor and City Council. We are pleased to inform you that your project request for Curbs/Sidewalk/Driveway improvements at 3015 – 3141 Prospect Avenue has been funded for \$352,000 in Fiscal Year 2018-2019 Adopted Budget. Work on the funded projects will begin after May 1st. In most cases, work includes designing, right-of-way, and constructing the project, each of which can take several months or more.

The engineering staff will do a complete scope review during the few months to determine the best avenue for this project.

Thank you for your input into this important process.

Sincerely,

Rose A. Rhodes
Capital Improvements Program Administrator
