Subject: 3400 Campbell St

Hello,

My wife and I live in the Hyde Park neighborhood on Walnut St. We are in support of the development that Johnny Youssef is doing in the neighborhood on the empty lot and the rehab that he is doing at 3400 Campbell St. We also are in support of the Tax Abatement program that has made development like this possible in the neighborhood and think that Johnny's projects should qualify for it.

Thank you,
Kenton and Hannah Rogg

Subject: 34th and Campbell projects

Hello,

My name is Michael Tucci I live in the North Hyde park neighborhood.

I am in favor of the projects on Campbell, both building on the empty lot and rehabbing the property next door is good for the neighborhood and the city and I support the approval of the tax abatement program.

I love this area getting invested into and fixed up.

Thank you for your time!

Have a great weekend

Michael
